

Report from the Online Waldorf Library

Marianne Alsop
OWL site Administrator

The Online Waldorf Library continues to be a positive and effective resource for those interested in Waldorf education in countries all over the world. Our 2018 data indicates 198,500 visitors to the OWL. Although site visits from English-speaking countries predominate, Spanish-speaking site visitors are on the increase. Interestingly, in 2018 the OWL saw the same number of site visits from Kenya as from Switzerland... 393 visits from each country! Djibouti accounted for just one site visitor and the United States for 47,000.

We are fortunate to be able to offer an ever-expanding number of eBooks, available in PDF format, which can be accessed by downloading free software from Adobe Reader.
